Do you love Liberty parks? Make a difference by becoming a Parks Ambassador

LIBERTY, Mo. – The Liberty Parks and Recreation Department is launching a city-wide Park Ambassador program to enhance park goers' experiences. This program is designed to create and strengthen the connection between Liberty's parks and their visitors.

Ambassadors may interact with park visitors, answering questions about Liberty's park facilities or will serve as the "eyes on the park," reporting maintenance issues or park use concerns.

Additionally, Ambassadors can become park stewards by participating in park planting or clean-up days. Application information is available on the City of Liberty website at www.ci.liberty.mo.us/ParkAmbassadors, or through a Parks Department staff member or Park Board member.

Liberty would not be the same, unique city without its parks and recreation facilities," said Jackie Kennedy, chair of the Liberty Parks and Recreation Board. "Can you imagine if the spray grounds, ball fields and green spaces all disappeared? Liberty's reputation as one of American's great small cities is greatly supported by these open spaces."

The Park Ambassador program encourages area residents who utilize the parks facilities to be advocates, spreading the word on events, athletics and community use opportunities.

For more information on the Park Ambassador program, contact LeAnn Lawlor at 816.439.4396 or visit at www.ci.liberty.mo.us/ParkAmbassadors.
